GROUNDHOG SEES SHADOW—BUT IT DOESN'T MEAN ANYTHING.

Out in California where it really gets cold, but no one says much about it, the groundhog saw his shadow today. That means to California, six more weeks of cold weather.

Here in Port Arthur, where strawberries are plucked on the second of February as they are on the 22nd.

CAN'T FOOL ME!

George's birthday, no one has ever seen a groundhog. If we didn't read the newspapers we wouldn't know there was such an animal.

However, if people still wish to contend that there is anything to the groundhog's forecasting Port Arthur weather, we will say for their benefit that it will be cold and chilly and snow probably will be three or four inches deep on Procter. The sun was out here today, but it's out almost every day. If they can think this about Port Arthur climate, they can believe that it is cold enough for a groundhog to live here, which he can't. Therefore no more cold weather, regardless.

Clara Phillips in Mexico

Escaped 'Hammer Slayer' Hiding in Chihuahua City

Slips Through Cordon of Detectives On Border And Defies U.S. Authorities After Plot to "Strong-Arm" Her; Reached Shreveport, La., After Break From Los Angeles Jail.

(Copyright, 1923, By United Press Associations)

EL PASO, Texas, Feb. 2.—Clara Phillips, escaped hammer murderer, formerly of Houston, was today in Chihuahua City, Mexico, according to private detectives who are trailing her. She has been identified there by officers and former intimate friends and has openly boasted that she is the "Tiger Woman" who saved her way out of the Los Angeles jail on December 4, after conviction on a charge of murdering Mrs. Alberta Meadows.

Headed toward the Mexican capital, she and friends who are with her are openly declaring that they have enough influence in the "unrecognized republic," with which the United States has no extradition dealings, to assure safety.

In Juarez Yesterday

Until yesterday, Clara was hidden away in the criss-cross section of crooked alleys, which is the underworld of Juarez, over the Rio Grande, from here.

Constantly watched by three different sets of men who sought to bring her over the line, she slipped away from them all today and appeared in Chihuahua City.

"Strong-Arm" Stunt Fails

Today the story of her location in Juarez and the efforts that were being made to "strong-arm" her and bring about deportation can be told. It has been held in confidence by the United Press while there was any chance of bringing her back to the United States to serve her sentence in San Quentin penitentiary, California.

Yank Brown, former Los Angeles county special officer, a cousin of Peggy Caffee, star witness at Clara's trial, and who knows Mrs. Phillips by sight, tells the story in reports he has made to Ted Armstrong, police detective chief of El Paso.

"I had information, that Clara, accompanied by a man known to the California police as 'The Seamy Kid' alias William Cousins, was seen near Shreveport, La.," Brown declared.

On Way to Houston

"They had come across the country from Los Angeles to New Orleans and were being their way back to Houston where Clara has friends and relatives."

"At Shreveport, their machine, a car stolen in Los Angeles, broke down and they were afraid of the police and went back to New Orleans. From there they got to Tampico."

"The same people who tipped me that Clara was in Shreveport assured me her next move would be to Juarez where she could communicate with her relatives in El Paso and perhaps eventually slip over and get down to Houston."

"Clara stopped several days with a brother-in-law in Tampico whose wife used to be a chorus girl in a Juarez cafe. I learned through friends in Tampico that she had left for the interior."

Found in Dance Hall

Then Brown came to El Paso, according to his statement to the police. Here he joined hands with a famous soldier of fortune who has figured in a dozen international exploits along the border during the past ten years. They took into their confidence private detectives who had also received the tip that Mrs. Phillips was headed this way.

Together they resolved to find her and give her "the law of the Rio Grande," which is to "catch them and hustle them across the line."

In a dance hall down a dark lane in the Calle Diablo, where many go for fun but wake to find themselves beaten, robbed or knifed, Brown and his partners found her, they state.

They told El Paso police of their discovery, were given a request to (Turn to Page 2 Column 1)

SENATE TO PASS P. A. COURT BILL

Wistner Forecasts Action on Return From Austin

The Port Arthur court bill will carry through the senate.

This is the assertion of City Attorney Wistner, who this morning returned from Austin, where he has been in the interest of the measure.

The bill has passed the house and will now go to the senate. Changes have been made in the measure which call for the election of the judge. His removal can be brought about through the recall system, operative throughout the charter on all elective offices.

99 Texans Killed in Rail-Auto Accidents In 3 Months to Jan. 1

AUSTIN, Feb. 2.—Ninety-nine persons were killed in automobile accidents at railroad grade crossings in Texas during September, October and November of last year, according to figures prepared by the railroad commission. There was an average of one death a day in these accidents. Forty deaths resulted in September; thirty in October and twenty-nine in November. In one accident, which occurred near Greenville, nine persons were killed and two others injured.

Beaumont "Stung," Port Arthur in Clear On Ship Decree

The Mallory or Southern Pacific company's Atlantic steamship line has won its fight to extend its lines into Gulf and Atlantic ports after more than a year's fight.

Through the decision, it is understood that Beaumont, which had objected to the Mallory application, is now placed in rather an embarrassing position. Houston emerges from the fight a little better off, having withdrawn its opposition to the application some time ago.

No Port Arthur Protest

Efforts were made some time ago to bring Port Arthur into the fight, but this port at no time has even protested to the interstate commerce commission when the case was being heard.

Under the action taken today, as

reported in a United Press dispatch to The News, the Mallory lines between Galveston and New Orleans S. S. demanding a line haul on all traffic to or from the docks, which would have made freight, brought in by the Mallory line boats, to even Southern Pacific local stations be delivered to the K. C. S. for a haul from Port Arthur to Beaumont. If they would be delivered to the Southern Pacific rail lines and would influence the Mallory line in not using the permission and would be looked on with exceeding disfavor by any independent line and would eventually keep out service of independent lines who may wish to operate from Port Arthur.

Handled By Correspondence

As the Mallory line would not give assurance of a regular service to Port

Arthur, the matter was handled by correspondence, with the Mallory line traffic officer, who then offered to withdraw Port Arthur from the application. This application was heard in Houston in March and in Philadelphia in April. Port Arthur was withdrawn at the outset of the Houston hearing by the Morgan line's commerce council.

To bring the example closer home it is explained that the Transmarine line may have no fear of the Mallory line coming to Port Arthur until at least the docks are made free to all roads.

Port Arthur took its stand because at the time it was negotiating with the Transmarine line for regular service here.

YMBL Goes Over Goal in C. of C. Opportunity Budget

\$32,037 Expected to Be Reached With Cards Now Out; Total of 497 Names On List of Subscribers; 217 New Members Added

The YMBL has raised the \$20,000 opportunity year budget for the Chamber of Commerce and Shipping.

This announcement was made at noon today by Dick Lyle, head of the publicity department, following a meeting of the steering committee. The total given out is \$30,537.

"The Chamber of Commerce said us to go out and raise \$20,000. We've done it and we're through," was Mr. Lyle's only comment.

Final Report Drafted

Leonard Fisher, chairman of the steering committee, R. Lyle, G. C. Weddell, J. L. Dunn and R. E. Theobald, members, held a meeting this morning and drew up a report to submit to General Chairman Bliss of the finance committee.

The \$20,537 with the amount expected from cards already out should bring the final total up \$1500 or \$22,037. It is announced. The contributors are from 497 subscribers.

Two hundred and seventeen new members were added to the Chamber of Commerce and Shipping during the opportunity year budget. All of these have paid for their own membership.

Chamber of Commerce officials and leaders of the business circles this afternoon were elated over the splendid co-operation and spirit maintained by the YMBL in its campaign. They are also highly pleased with the success.

Can Announce Now for City Office, Says Wistner

Candidates in the city election can make known their intention to seek office whenever they choose.

This was the statement from City Attorney Wistner this morning.

City Clerk Miles announced yesterday that he would accept the name of any candidate at any time he wished to announce.

There has been a widespread misunderstanding concerning the amended charter; some were of the opinion that the old charter held until the new one was certified by the secretary of state. Under the former law candidates would be disqualified should they announce prior to a week before the primary.

MODEL CITIZENS AGREE TO ANNEX

Express Faith in Good Intentions of City

ELECTION CALL NEXT

5-Acre Tracts to Be Taxed As Acreage Only

Model addition residents last night agreed to support the election to annex this territory to the city of Port Arthur.

H. C. Crawford, chairman of the addition's citizens committee, and the four other members, reported to residents of the addition in a meeting held at the city hall, after they had held a conference with the city commission.

Tax Tracts As Acreage

Residents were told that the commission had further gone on record voicing through Commissioner Potts' resolution the good intention and fair and square dealing of the city in reference to annexing the addition. Mayor Logan's amendment to the resolution, agreeing to tax five-acre tracts as acreage and not as lots, also was explained at the meeting.

A few seemed to think that another meeting should be held and go deeper into the matter, but others held to the idea that already everything that possibly could had been thrashed out.

Ball Recommendation Agreed

The condition under which the mass meeting acted was that the recommendations of Manger Ball, of the city's advisory committee, be carried out. It was explained that each of these recommendations had been gone over by members of the commission and the Model addition committee and that the commission had agreed that all the improvements should be made.

Port Arthur men where Jefferson county is paying to the state, exclusive of benefit, more than any other county with the exception of Dallas county. In other words Jefferson county is paying on the basis of 60 per cent valuation and scores of counties throughout the state are paying on the basis of 45 and 55 per cent valuation. The net taxes paid into the state, figuring the manner in which some counties pay only a few hundred thousand dollars, and drain out for schools and other benefits twice that amount.

The Port Arthur men agreed to pay 10 per cent of the net amount they are paying the state to defray expenses of the fight, now being waged to get action on the equalization proposition before the state legislature. If this method fails, attorneys will be employed and the fight will be continued until taxes are finally adjusted.

Building permit values in Port Arthur hit bottom in January, as a rule, it is said, gradually increasing month by month. With 1923 starting off with \$200,000 in building values, a record building year in Port Arthur is predicted by building men.

TARRED

Orange Man Given Feather Coat by Maskers

Special to The News.

ORANGE, Texas, Feb. 2.—F. L. Reed, worker at the Orange oil field, was tarred and feathered last night by a band of masked men, according to the sheriff's office here.

Reed, it is claimed, was abducted from his home some time last night before 9 o'clock, driven to a lonely spot off of the plank road and a liberal coat of tar and feathers applied.

After applying the tar Reed was put back in the car and thrown out as the auto passed the "Big Four" restaurant in Oil Town. When picked up by men who witnessed the affair they found a sign stuck on his back reading, "I am a wife-beater."

SEEKS PARLEY

Borah to Press Resolution For Economic Confab

WASHINGTON, Feb. 2.—Senator Borah will press for action on his resolution calling for a universal economic and disarmament conference in the senate early next week, it was learned today. This would bring discussion of the resolution to the floor at the time the army appropriation bill is being considered.

Borah, however, declares he has no intention of seeking reduction in the size of the army bill and he believes now would be an appropriate time for discussion of the resolution.

Girl Via Victim Famed Away, Doctor Takes Bar or Blade, Out Windings, Forced Air in Lungs and She Recovers

NEW YORK, Feb. 2.—Missie Lifschitz was dying of influenza last night. Before a doctor could arrive her throat muscles had contracted, breathing was suspended and her heart action stopped.

Dr. Leon Antell arrived without the necessary implements. Taking a safety razor blade, he cut through the girl's windpipe, lifted the esophagus and blew air into the lungs.

At the hospital today, with a silver tube in her throat, Miss Lifschitz was reported on the road to recovery.

PT. ARTHUR IN FIGHT ON TAX

Contribute to Movement for Equal Values by State

Port Arthur yesterday put Jefferson county in the statewide fight to equalize the net amount of taxes that it is paying the state.

Two tax experts were brought to Port Arthur under the auspices of the Chamber of Commerce and they addressed 25 representative taxpayers.

These men showed the Port Arthur men where Jefferson county is paying to the state, exclusive of benefit, more than any other county with the exception of Dallas county. In other words Jefferson county is paying on the basis of 60 per cent valuation and scores of counties throughout the state are paying on the basis of 45 and 55 per cent valuation. The net taxes paid into the state, figuring the manner in which some counties pay only a few hundred thousand dollars, and drain out for schools and other benefits twice that amount.

The Port Arthur men agreed to pay 10 per cent of the net amount they are paying the state to defray expenses of the fight, now being waged to get action on the equalization proposition before the state legislature. If this method fails, attorneys will be employed and the fight will be continued until taxes are finally adjusted.

MAN SLAIN AT ORANGE WHARF

Another Surrender to Sheriff; Motive is Puzzle

Special to The News.

ORANGE, Texas, Feb. 2.—Lawrence Chaubain, 30, trapper, today was shot to death as he stepped from a boat at the Fourth street wharf, just before 2 o'clock this afternoon.

John Hudson, fur and skin buyer, surrendered to Sheriff Heaton immediately after the shooting. He would make no statement.

The men had come to Orange together on a boat from Johnson's Bayou, center of hunting and trapping operations in this section.

After Chaubain had been killed a considerable amount of money was found on his body.

DEATH LIST IN GAS BLAST MAY INCREASE

SPRINGFIELD, Mass., Feb. 2.—The death list of the gas plant blast which took three lives and injured sixty persons yesterday afternoon may be augmented, police officials reported today as firemen and guardsmen searched the ruins of the Springfield Gas Light Company's purifying tank for additional victims. In addition several of the more seriously injured are not expected to live.

TRAPPED BY FLAMES, FIREMEN RESCUE TEN

KANSAS CITY, Mo., Feb. 2.—Trapped on the second and third floors of an apartment house here, ten persons, including three infants, were rescued today from flames by firemen using safety ladders.

COURT FINDS SLEW MURDERER IN SELF-DEFENSE

Charges Dismissed By Request of Prosecutor

RYAN SHOT JULY 5

Founded Pioneer Tug Boat Firm Here

Charges of murder were dismissed against Mrs. Martha Hazel Ryan at Houston today by the district attorney on the ground that the defendant acted in self-defense.

Mrs. Ryan had been held under bond of \$2,500 following the killing of her husband, D. W. Ryan, wealthy tug boat owner on the night of July 5, 1922.

Dan Ryan, whose wife was released from jail in Houston today, was well-known in Port Arthur where his rise to fame in shipping circles was begun.

Came Here 11 Years Ago

Ryan came here 11 years ago on the "Mary B. Curtis," his own tug boat, and around which he gathered a cluster of other tugs.

His rise reads like a romance. The earnings from his "Mary B. Curtis" went to buy other tugs and soon he had organized a company known as the D. M. Ryan Tugboat Company, which he incorporated in 1914.

Ryan also was head of the Buffalo Shipping Company of Houston, where he was actively in charge until his death.

Shot On Lonely Road

The night of the shooting Ryan was sitting on the lonely Clinton road when his wife, riding in a rest car, and accompanied by a man said to have been a private detective, approached him. A woman said to have been well-known in business circles in Houston, was alleged to have been sitting in the car with Ryan.

When the man with the revolver declared to officers that Ryan had said, "If I get my hands on you I'll kill you," the shooting occurred. Mrs. Ryan, according to the man's testimony at the preliminary hearing in which her bond was fixed at \$2,500, fled when her husband cursed her. Ryan followed and was killed. Five shots were fired into his body.

Where Was Pending

Mrs. Ryan told the authorities that she had learned of her husband's intention of riding with another woman the night of the shooting, and that she had followed. She asked Ryan what he was doing on the Clinton road, when she approached him, she declared at the hearing.

Mrs. Ryan had instituted divorce proceedings against her husband prior to the fatal night, this fact having been brought out during the preliminary hearing.

Ryan was a visitor in Port Arthur just a week prior to his death.

SS Birkenhead Collides With Haden Boat; Loss \$5,450

Loss of a Haden company's barge and cargo of shell when the barge was smashed and sunk in collision with the steamship Birkenhead in the ship canal a few miles below Port Arthur Wednesday, was made known today by officials of the Haden company. The barge was valued at about \$5,000, and the shell cargo aboard at \$450, officials said.

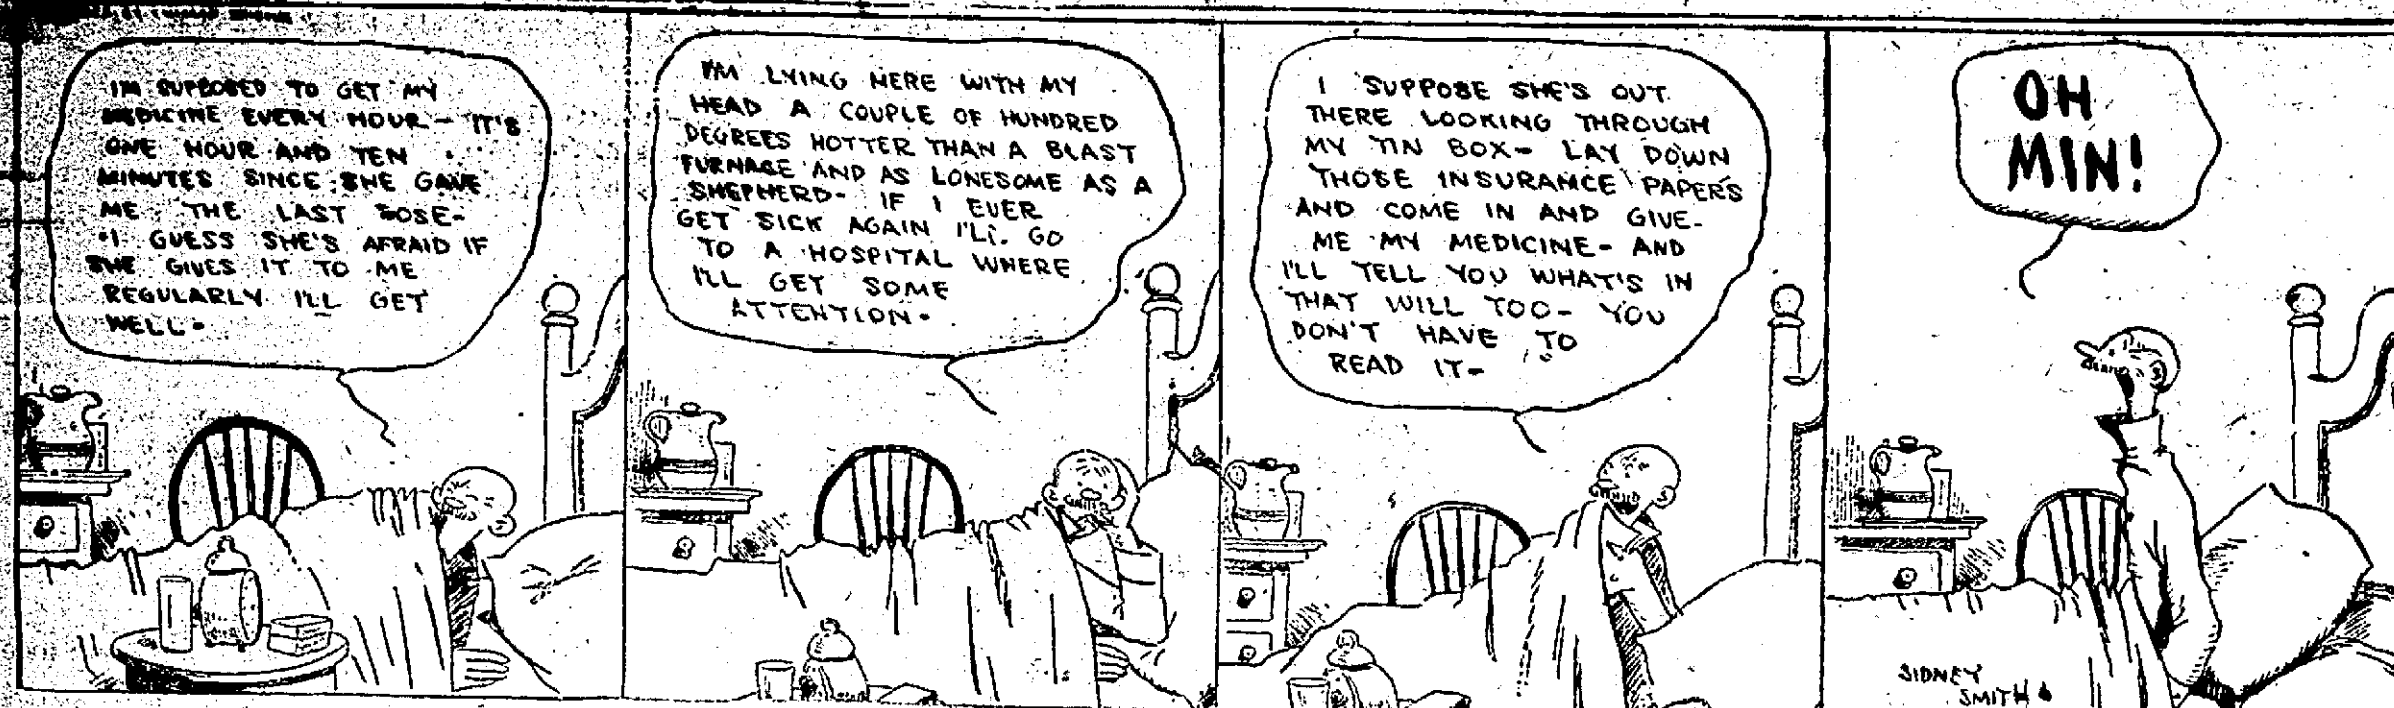

The tug, one of the Haden company, was towing the barge up the canal at the time of the accident, and the Birkenhead was outbound. No one was injured in the collision and sinking of the barge. The sunken barge is close against the bank, and is not a menace to navigation, it was stated.

AUSTIN, Texas, Feb. 2.—There is no rest for the real magnates of Texas or their representatives. Last week they hurried to Austin and were in a what they called the death of the attempt to repeal the Open Port Law. This bill was introduced by Burdett of Eastland and Rogers of Harris. Now Murrel L. Buckner of Dallas and a large contingent of rail executives or their legal representatives are here to fight the enactment of Senate Bill 88 by Murphy of Harris and Barker of Eastland.

This is an act to prohibit the hiring, employing, or commissioning by any state or county officer, or state adjutant general, any person who is in the employment of any person, firm or corporation whose salary or any portion thereof is paid by such persons, firm or corporation when such person, firm or corporation is interested in any dispute or disagreement with his, her, its or their employees.

Section 1 of the bill provides that it shall be unlawful for any state or county officer, adjutant general, or any person, firm or corporation, whether as a special deputy or otherwise, as a special officer one who is in the employment, or works for or receives pay from any person, firm, corporation, etc.

Section 2 fixes the penalties: a fine not less than \$100 nor more than \$1,000, or to be imprisoned in the county jail not less than 30 days and not more than two years or both such fine and imprisonment in addition thereto upon conviction shall be released from the office which he holds.

This bill has received the favorable report of the senate committee. Those who are backing it say that it will do away with hired gunmen in times of strike and leave law enforcement to the rangers, the soldiers, and the constabulary of the state. Its opponents say it will deprive the railway executives of the right to engage special officers, commissioned by the state, to protect railroad property and to afford protection to its employees. This is why Murrel L. Buckner and other rail executives or their legal representatives came back.

Kelley and Education
Former Mayor Charles E. Kelley of El Paso was here yesterday to attend a meeting of the board of regents of the state university. He has been a member for six years as a representative of the east West. He is one of the Texans who considers the chances on the campus a disgrace to Texas and an insult to the commonwealth and the intelligence of its people. Kelley never hesitates to say so.

He has four young daughters and two will become University students next year. He was mayor of El Paso eight years and magnificent public school buildings of the city were constructed during the Kelley regime. Very proud of the schools of El Paso and their high standing is this former mayor, who has been identified with the growth and the progress of El Paso for more than thirty-five years.

A native of Mississippi, he came to Texas almost forty years ago and his life has been spent on the upper Rio Grande border. Eight years ago he was successful in getting the democratic leaders to hold their state convention in that city and there are delegates in the piney woods and along the Arkansas border who are talking about it yet. These border people know how to entertain.

Three weeks ago the former mayor was instrumental in having the regents of the state university hold a meeting in the gate city, and those who attended voted unanimously that as entertainers, they have never permitted southern hospitality of antebellum days to become a lost art.

Mr. Kelley returns to the West tonight. He predicts that there will be vast building operation on the University grounds in the coming year and then the shame or disgrace of Texas will be removed.

One of the Old Guard
General M. M. Crane of Dallas is in our midst. Tall and straight as an Indian warrior his years set lightly upon him, and yet he served in the lower house of the legislature and was a state senator in the days of James Stephen Hogg. He was called to the office of lieutenant governor from the senate. He was for four years attorney general while Charles A. Culberson was governor. He aspired to the office of governor and then stepped aside, which made the way clear for Joseph D. Sayers.

He was the first man to survive losses with Joseph Weldon Bailey in the famous debate held in the city of Houston and this, too, when Bailey was the idol of thousands. He was foremost in the fight on Bailey in 1909. He was retained by the state in the famous impeachment trial of James E. Ferguson. He led the fight for Wilson two years ago, and was a member of the platform committee of the San Francisco convention, and ever for McAdoo.

There he locked horns with William Jennings Bryan and the Texas delegates sustained Crane and rejected Bryan. He was one of the original prohibitionists of Texas and one of the first of the leaders to give his voice and his influence for the emancipation of women.

A native of West Virginia, he came to Texas in early boyhood and he taught a country school to make the money to educate himself for the law. These are some of the high spots in the career of one of the leaders of the Texas bar who was James Stephen Hogg's trusted friend and Charles A. Culberson's legal adviser.

Not a Harmonizer
Reverend J. L. Lancaster of the Texas A. & Pacific Railroad just sent this message to the powers that be: "If I and the men who are working with me are let alone, the Texas & Pacific railroad will settle its own troubles and will solve its own problems in a matter that will be of mutual benefit. We appreciate the interest manifested by the governor, lieutenant governor, and speaker of the lower house in suggesting a conference to be held by them with the railroad managers and labor representatives of the state, but I think that such a conference would be hindrance at this time; we do not need the assistance of the men in high places and the politicians to settle the railroad problems." Reverend Lancaster appears to be determined to live his own way.

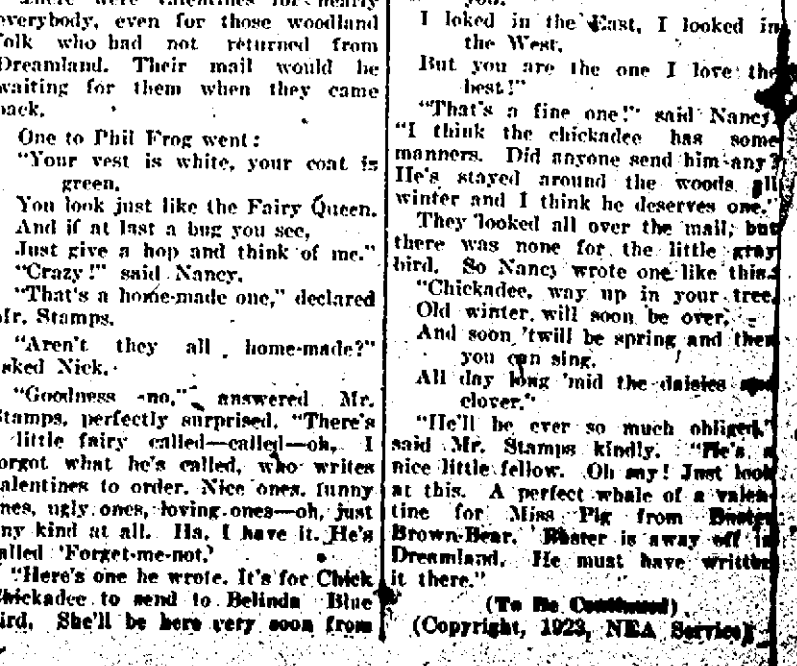

Accuse 3 of Violating State Prohibition Law
Special to The News
BEAUMONT, Feb. 2.—The first complaints charging violation of state prohibition laws to be filed here in over two years were sworn out today by Sheriff Tom Garner.

The complaints were filed against M. M. Morgan, Ed Franklin and F. Foyler.

Morgan, former traffic officer of the Beaumont police department, was arrested with a copper still, a pistol and a quart of booze in his possession. Franklin and Foyler were arrested on charges of prohibition violation near El Vista. The trio was granted bail of \$1,000 when brought before Justice Tom Brown.

CLARA PHILLIPS

(Continued From Page 1)

Quarrel authorities for cooperation. Just as they were about to make the arrest, Clara and her companion, "The Scurry Kid," were tipped off by head-hunter-on-at El Paso police headquarters.

Clara, "The Scurry Kid" and a man known as Jack Miller, said to be wanted in California, went into hiding in a strongly protected place in Juarez.

Protected by Smugglers

They had the protection of persons said to be powerful in the great narcotic smuggling business which is carried on through Juarez on a big scale.

A representative of the United Press practically confirmed Clara's identification. In company with a famous soldier of fortune and Brown, he stood a few feet from the woman, saw her draw a revolver, call Brown by name, curse him and tell him to leave Mexico or she would kill him.

Brown reassured her that he had left the service of Los Angeles county and that he was not on friendly terms and that this meeting was purely accidental.

Later Brown was run out of Juarez with a pistol at his back.

A half-dozen times during the past two weeks since the episode in the dance hall, she has been just within the grasp of the men who are after her. She has each time been aided by friends and has beaten "the law of the Rio Grande."

Joe Knause and Ralph Ellis, El Paso detectives, who knew Clara and her husband when they lived here several years ago, also confirmed the identification.

Hedeen, Brown and his group there has been a pair of operatives of an internationally known detective agency and a third group made of Mexican operatives, who have had the assistance of at least one member of the National Mexican Secret Service, all interested in attempts to "strong-arm" the fugitive of the Dallas Diablos.

None of these have given up hope of capture. Some are following her to Chihuahua and the interior, while others are waiting here convinced that the "Tiger Woman" will reappear at some border port in hopes of getting back secretly into Texas.

MAIL BOOMS

Increase Here for January is \$2,000 Over Last Year

The new year apparently will show a huge increase in postal receipts, according to the heavy business which has been maintained throughout the month of January in the Port Arthur postoffice.

J. A. Burnham, assistant postmaster, said today that the increase which started in the last quarter continues in the new year. The increase of January, 1923, over January, 1922, is an even \$2,000.

"You would be surprised to see the number of new names showing up every day in letters and parcels coming into the postoffice. All of this shows just how fast Port Arthur is growing," Mr. Burnham commented.

Find Kidnaped Babe?

DEMING, N. M., Feb. 2.—Authorities here today were getting in communication with New York authorities in an effort to identify a 3-year-old child, left at the home of Mrs. Ruth Grover.

"The child, according to Mrs. Grover, resembles the newspaper pictures of a child who was kidnaped in New York last year, and about whom there was considerable publicity. She does not remember the New York child's name."

MARRIAGE LICENSES

BEAUMONT, Feb. 2.—Five marriage licenses were granted here today when the following applicants appeared in the county clerk's office:

J. B. Hunt to Miss B. Mohrson.

Harwood Johnson to Miss Mabel Rose.

James to Miss Ruth Wood.

Beatrice Crimmon to Rose Reeb.

O. Ober to Mrs. Clara M.

World-Wide

Against Drugs

BEAUMONT, Feb. 2.—Score of anti-drug licenses were granted here today when the following applicants appeared in the county clerk's office:

J. B. Hunt to Miss B. Mohrson.

Harwood Johnson to Miss Mabel Rose.

James to Miss Ruth Wood.

Beatrice Crimmon to Rose Reeb.

O. Ober to Mrs. Clara M.

In New York

Wai-Hu-Sing (father of his people), the high priest of the Chinese Indians of New Mexico, is shown here standing on the steps of City Hall, New York, apparently struck dumb by the grandeur of the city. The Indians were greeted by Mayor Hylan.

SLAYER TWICE

PAYS PENALTY

(Continued From Page 1)

He was pronounced dead three minutes later.

Bullen and Ben and Duncan Richardson, brothers, were convicted of murdering Ira H. Culp, an aged seaman, whose body was buried in his home after the killing. The fourth man electrocuted today was William Debold, convicted of the hatchet murders of H. N. Sibley and wife.

"Confession" Falls

Duncan Richardson made a dramatic attempt to save his brother and Bullen, his pal, from execution. He called prison officials to his death cell yesterday and related a graphic story of the murder, taking full responsibility and absolving the other two.

Governor MacBride, however, refused to intervene when court stories differed from evidence produced at the trial.

Don Richardson was the first man sent to death in the electric chair. Cursing trial officials and strongly protesting his innocence, he was electrocuted at daybreak.

Wrote Bitterly

His brother, calm and stoic, walked to the chair next with "cool good-byes."

Bullen followed. He went bitterly as the straps were placed about his legs and arms and the electrodes fixed. He kept crying that a "babe boy who died" was responsible for his execution. Bullen was pronounced dead by physicians a few minutes later and he was carried to a waiting coffin. As the man's undertaker prepared to take the "body" to a morgue, Bullen moved. Physicians were again summoned and after a lengthy conference, advised that Bullen's limbs again be strapped in the chair. Then was pronounced dead three minutes later.

Debold was electrocuted after Bullen was placed in the chair the first time.

HEIR TO MILLIONS IS

AFRAID OF FLAPPERS

CHICAGO, Feb. 2.—Women are the one fear of Howard Gerard, the printer and son of a South Bend, Mass., barber, who recently inherited \$2,000,000.

"Keep the flappers away. I don't want them to ruin me. I want my freedom," he said today just before leaving for South Bend.

Gerard is one of six heirs to the \$12,000,000 estate of Antonio De Amato, a grand uncle who died in Paris recently.

CHURCH COUNCIL CALLS

AUTO-WAR CONVENTION

WASHINGTON, Feb. 2.—The federal council of the churches of Christ today called a special meeting for February 9 in New York to discuss measures for preventing war. The Rev. James A. Gram, executive secretary, has drawn up a resolution urging the president to call the world economic conference proposed by Senator Borah and others.

TENSION IN RUHR

NEAR BREAKAGE

Women Urging Husbands to Resist French

(Copyright 1923, by the United Press Association.)

BERLIN, Feb. 2.—The people of the Ruhr Valley have murderous resentment in their hearts.

The women are shedding tears of rage—not grief—and they are urging their men to rise against the long, horizon-blue columns of Frenchmen who go swinging through the streets of their towns, and bivouac in their public squares.

Ready for Battle

The men are waiting grimly. They are about the same stamp as the Virginia miners—just as ready for battle. Something is holding them back. There is no telling when this restraint will snap.

I have been over the whole Ruhr district. The French soldiers are everywhere, of course. The tramp of their hobnailed boots over the cobblestones, or the jingle of their cavalry accoutrements are heard on all sides. The German people stand dumbly along the gutters, watching them ride past. In those crowds there are many men who, a few years ago, wore the gay garb of Germany's army and were proud of it.

Every Element of War

The French are feeding all the implements of war along with them—artillery, field kitchens, airplanes, machine guns, tanks. In fact the situation presents every element of war—except an enemy army. The next few weeks will tell whether such an army is going to spring to life from the ranks of those who now are satisfied with standing on the curbstone, watching the parade.

"The Nation's Third Part"

With the \$300,000 budget oversubscribed the Chamber of Commerce and Shipping will be able to begin advertising through its publicity committee, headed by Gene Gifford, the advertising agent of Port Arthur. The publicity fund was created in the budget last year, but was never made effective. This year, however, considerable is expected to be done to put Port Arthur in the eyes of the nation and the world in a most favorable light.

From this railway bridge near Harrison, Ark., E. C. Gregor, rail striker, was hanged after a "citizens' committee" replaced constituted authority with the expressed intention of quelling alleged sabotage on the part of striking railway employees. Arrow shows where the victim was hanged.

SAILOR ACCEPTS

OLD C. S. A. BILLS

Frenchman Sells Booze Here; Arrested in France

Confederate money, lower in value than the German mark and that's pretty low, again is being used on the gold standard basis and is bringing par value in Port Arthur for the purchase of booze.

A sailor on the French government tank steamer Dordogne while in port several weeks ago took home a young fortune in these old tattered bills.

He had succeeded in smuggling in some of the favorite drinks of France and had also been fortunate in finding a market in Port Arthur.

He is a financier by birth and evidently does not believe in doing big things in a small way. Consequently the smallest Confederate bill he accepted was for \$50. He took a number for \$100.

When he returned home he cashed the Confederate bills, with just as much alacrity as he had accepted them. Then he had himself a young fortune. When the man who had taken the bills from the sailor went to the bank to make his deposit, however, the French money king threw up his hands in a frightful manner.

He knew too much. The sailor was arrested and although he reimbursed the man who had exchanged the bills he is now facing charges of smuggling by officers of the boat.

TO OPEN GRAVE

WASHINGTON, Feb. 2.—A for and order was issued by the treasury department today for the opening of the grave of Seaman John Jones in the Hawaiian Naval Cemetery, said to contain Russian crown jewels valued at \$100,000.

The permission of the war department, which has the power over service cemeteries, having been obtained, the treasury department authorized the customs to proceed to open the grave on the ground that if the coffin contains smuggled jewels as alleged, the customs service is empowered to seize them for failure to pay customs duty.

BREAK CHEST

COLDS WITH RED PEPPER

Ease your tight, aching chest. Stop the pain. Break up the congestion. Feel a hot cold broken up in just a short time.

"Red Pepper Rub" is the cold remedy that brings quickest relief. It cannot hurt you and it certainly seems to end the tightness and drive the congestion and soreness right out. Nothing has such concentrated, penetrating heat as red pepper, and when heat penetrates right down into colds, congestion, aching muscles and sore, stiff joints relief comes at once. The moment you apply Red Pepper Rub you feel the tingling heat. In three minutes the congested spot is warmed through and through. When you are suffering from a cold, rheumatism, backache, stiff neck or sore muscles, just get a jar of Rowles Red Pepper Rub, made from red peppers, at any drug store. You will have the quickest relief known. Always say "Rowles"—and.

PAIN GONE! RUB

SORE RHEUMATIC ACHING JOINTS

Stop "dosing" rheumatism. It's pain only. St. Jacob's Oil will stop any pain, and not one rheumatism case in fifty requires internal treatment. Rub soothing, penetrating St. Jacob's Oil right on the tender spot, and by the time you say Jack Robinson—out comes the rheumatism pain and distress. St. Jacob's Oil is a harmless, rheumatism buster which never disappoints, and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; stops scatching, humming, backache and neuralgia. Limber up! Get a small trial bottle of old-time, honest St. Jacob's Oil from any drug store, and in a moment you'll be free from pains, aches and stiffness. Don't suffer! Rub rheumatism away—ade.

NO INQUEST IN HORNER'S DEATH

Parents Ask Authorities to Drop Probe

OKLAHOMA CITY, Feb. 2.—Strangest homecoming and one of the biggest murder mysteries in the history of Oklahoma, as parents of Elvira Horner, 24, whose dead body was left in the yard of the Horner home here early yesterday, urged probe into the case be dropped.

"We do not want any further publicity," was the only explanation offered by the Horner family, county officers said.

The body of Elvira was brought to the Horner by a "death messenger," believed to have been a chum of the boy, shortly before daylight yesterday. It was the son's first time home in a year and a half.

No Trace of Messenger

Police reported they were unable to find a trace of the "death messenger," who disappeared in his automobile after notifying parents of Elvira of their son's "return."

The "death messenger" drove his automobile into the driveway of the Horner home and when J. A. Horner, the boy's father, came to the door, said "Elvira is out here."

When the father asked the man to have his son come in the "death messenger" replied, "he can't; he's dead."

With that the mysterious man lifted the bloodsoaked body of Elvira from the automobile and placed it on the ground. A suitcase belonging to Elvira was placed beside the body.

Said He Would Return

As the death car drove off, the "messenger" yelled to the elder Horner that he had been driving with the dead body since Sunday, and would return and explain matters when he had slept some.

Whisky Runner Theory

St. Joseph officers in a communication to local police advanced the theory Horner was killed when he and Feltz were taken for whisky runners and fired upon by prohibition officers while the pair were on one of their trips to Mexico.

J. A. Horner, father of the dead boy, has a liquor charge pending against him in federal court here, according to M. P. Meadows, prohibition director. Two years ago the elder Horner had two charges of violation of prohibition laws placed against him by county officers. One of these charges was dropped and Horner was exonerated from the other by a judge. No inquest into the death of Elvira will be held, county officers announced.

SCHEDULE OF AMUSEMENTS FRIDAY

Peoples: "Sherlock Holmes," starring John Barrymore.
Strand: Musical comedy and Wanda Hawley in "The Truthful Liar."
Pearce: Clara Kimball Young featured in "The World's Madonna."
Liberty: "Hearts Haven," starring Clara Adams and Robert McKim.
Morgan's Tent Show: Big western comedy.
Green Tree: Short reel program.

SATURDAY

Peoples: "Sherlock Holmes," starring John Barrymore.
Strand: Musical comedy and Wanda Hawley in "The Truthful Liar."
Pearce: Lloyd Hughes and Madge Bellamy in "Love Never Dies."
Morgan's Tent Show: "Married Life."
Green Tree: Clara Kimball Young in "The World's Madonna," and Ep. 2 of "Bibi Fox."
Liberty: Frank Mayo starring in "Wolf Law."

"LOVE NEVER DIES"

The King Victor production, of abiding faith, of a disillusioned love, and of the power of romance, "Love Never Dies," finds its motive in the harmful effects of village gossip which causes the separation of a boy-husband and girl-wife. Lloyd Hughes and Madge Bellamy are the feature players.

Determined to obliterate himself, Lloyd Hughes as John Trotter, takes advantage of a wreck, in which an express train is swept from a high trestle into the river, to give out the report of his death. The girl-wife believing her husband dead, marries again, but throughout the unwinning years, the subconscious realization of their love for each other, comes slowly to the surface and at the proper moment reasserts itself in a smashing climax.

"HURRICANE GALL"

A picture that is sure to win well deserved popularity among the myriad admirers of melodramatic "punch" and sizzling action is "Hurricane Gall" with Dorothy Phillips. It is a fine example of excellent photography, skillful direction and all round good acting as the most capacious critic could desire.

The scorching screen favorite, Dorothy Phillips, as a fascinating figure, as the slightly rascally, swaggering Lola, daughter of a smuggler and herself master of a smuggling, sailing pirate.

"Hurricane Gall" will run three days at the Peoples Theatre, starting Sunday, February 4.

AMATEUR FEATURE

An addition to the Strand program will be the amateur feature contest tonight immediately after the first evening performance of the Margaret Little Company in their clever comedy-bill, "A Family Fight." Amateurs under the direction of Mr. Clapper, who is now overseeing this feature, will make their appearance, and prizes of cash will be awarded. Tomorrow at 3 p.m. there will be a special ladies and children matinee of musical comedy and feature pictures.

FORMAL OPENING FOR REST ROOM

Lions to Invite Orange and Beaumont Clubs

Construction work on the band stand and rest room, built by the Lions Club and the city, in Lions Park, will be completed during the coming week. Dick Lyles reported to the Lions at their regular weekly luncheon at the Plaza hotel today. Plans for a formal opening of the structure, with Lions from Orange and Beaumont attending, are being worked out by a committee headed by Gene Gifford.

Shipment of 2,000 roses to Port Arthur for the annual Lions club rose sale, to be held next week, was reported at the luncheon today by L. S. Carter, chairman of the rose committee. The rose bushes will be sold at 25 cents each, and orders will be taken for deliveries before the sale opens downtown. Carter reported.

One week from next Tuesday, the first radio concert of the Port Arthur Lions club will be broadcasted from Frank Stoneburner's wireless sending station, it was decided today. A report on the radio concert heard here last night, broadcasted by a Kansas Lions club, was made today by G. E. Perry, secretary of the club.

Boy scouts of troop 6 staged a model Scout meeting for the Lions, following today's luncheon. The stunt was similar to that put on by the scouts at the luncheons of the Civitan and Rotary clubs this week.

Second Raid in Week

Nets 6 Quarts Booze

The dragnet for contraband whisky in Port Arthur was spread out further last night when Detectives B. Cowen and Plamothoman L. Sinter raided a house in the 1000 block on Houston avenue and confiscated six quarts of white corn moonshine.

The officers found the liquor on a back porch of the residence. In a gunnysack which had been hid in a woodpile.

A man arrested in the raid has been released on \$500 appearance bond pending his preliminary hearing in judge's court.

The raid, according to the authorities, is the second this week, which has been directed at the same house on Houston. On Wednesday night of the week, Detective Cowen and others raided the place and discovered two gallons of whisky.

4 CARS OF SHELL FOR 14TH STREET ARRIVES

Four carloads of shell for Fourteenth street, ordered months ago, reached Port Arthur late Thursday, M. C. Ewin, city engineer, said today. The shipment brings the total number of cars of shell for Fourteenth street up to nine, and 40 cars were originally ordered, it is said.

The shell is for Fourteenth street, opened up from Stilwell boulevard to Vandervoort boulevard last summer, the city and the Holland Texas Flyport bank sharing the expense on a 50-50 basis.

Composite Directory to Include Port Arthur And its Neighbors

Port Arthur's growth during the past two years will be definitely accounted for about April 1 when a new city directory comes off the press.

Eight employees of the directory printing company are now listing the names of Port Arthur residents for the new volume, and will have their work completed and ready for the printer by March 1. F. B. Marlette, of Houston, directing the work of compiling the directory, said today.

Included in the Port Arthur directory of the 1923 issue will be Sabine, Sabine Pass, Nederland and Port Neches, Marlette said. The directory gotten out in 1921 had Port Neches and Nederland but did not have Sabine and Sabine Pass, he said.

HUGHES QUILTS PREMIERSHIP

Australian Resigns After a Stormy Election

MELBOURNE, Feb. 2.—Premier Hughes of Australia has resigned. William Morris Hughes, last of the "wartime" premiers, had stormy sliding in the Australian elections a month ago, and at the time political observers predicted his early downfall. Melbourne cables do not as yet indicate the exact reason for the premier's resignation, but it is believed the Country party, which fought Hughes and his candidates at the polls with considerable bitterness over the question of financial policy, finally became too strong for the

weakened coalition.

Hughes was in much the same position as Lloyd George found himself in last year; he headed a coalition that had thrived on patriotism in wartime, but which was steadily weakened by development of party spirit in politics within the last two years. The Country party and the liberals were against Hughes.

S. M. Bruce, secretary of the treasury in the Hughes coalition cabinet of December 22, 1921, was invited to form a ministry.

HASSELL RESIGNS

PROFITS
One of the big Chicago mail order houses issues its financial statement, showing that it sold \$100,048,152 worth of goods in 1922, and made a profit of \$5,335,108.
That is doing business on a slender margin—a profit of less than four cents on a dollar.
In 1921 the company showed an operating loss of \$16,435,418.
It is a law of life that all human activity has its ups and downs and a constant struggle to survive. This is as true of corporations as of individuals, though most of us would prefer to be a corporation. Big trees do not escape the cyclone.

DEPENDS
Exports of American raw cotton in 1922 totaled over 675 million dollars. This was a gain of about 139 million dollars, compared with the year before.
On the other hand, only 6,123,813 bales of cotton were exported in 1922. This was a loss of 300,292 bales, compared with 1921.
So you can prove that cotton exports last year gained, then turn around and prove they slumped. Both are correct. The dollar, by reason of its fluctuating value, is deceptive as a measure of business activity.

VALENTINO
The press agents announce that Valentino, film star, will get \$6000 a week in vaudeville. His wife is booked with him and her act carries its own orchestra. After paying expenses the Valentinos should be at least \$5,000 a week to the good.
While press agents never understate, you cannot help compare Valentino's income with the salary of high government officials, leading scientists and heads of gigantic enterprises. Pondering which, it occurs to me that there are things harder to understand than the Einstein theory.

FARMERS
The crops harvested by American farmers last year had 46 per cent greater purchasing power than the crops of 1921.
Despite this gain, the purchasing power of the 1922 crops was 30 per cent below normal.
These figures are furnished by Hagley, assistant secretary of agriculture. We have a long way to go yet, before purchasing power of farm and city again balance. Yet that balance has to be restored before prosperity will be on a foundation of rock instead of quicksand.

STRAP-HANGERS
Over 15 billion passengers rode on street cars and other American electric railways in 1922. That represents about 136 miles for each of us during the year.
Traffic would be hopelessly congested if it were not for the auto relieving street cars. And it will not be many years until the airplane will have to come to the relief of autos and street cars. Year by year we cover more ground. A long trip, once considered the event of a life time, now is matter-of-course and rather boring.
This national tendency to travel explains the partial dissolution of the home. Home is where we park our flippers—later our airplanes.

PORT ARTHUR NEWS
Major John B. Hawley, member of the advisory council of state engineers, is strong for the passage of House Bill No. 17, which is pending before the senate. This bill for topographic and hydrographic surveys of the stream water sheds of the state.
Major Hawley says both are necessary if the several communities are to learn where and how to store water for use and incidentally to save flood loss down stream, and the reclamation department must make detailed surveys if levees are to be scientifically designed and economically built.
Furthermore, he says, with a single exception, the council of engineers were of one mind on the amounts needed for the surveys, have submitted (.instemfhrsh emf shr etao arthse veyr and stream flow measurements. Reliable statistics, he says, have been submitted showing that loss in floods, in September, 1921, was \$26,000,000 and in April, 1922, \$12,000,000 or \$38,000,000 in two seasons.
And yet the engineers only recommend the appropriation of \$300,000 per year for the ensuing two years to provide for topographic and hydrographic surveys of the stream water sheds.
Major Hawley won laurels in France during the war. He was called to Panama before the war by General Goethals to inspect the work on the canal. He says that lands now valued at \$200 to \$200,000 per acre without irrigation, can on the average be raised to from \$50 to \$300 by an expenditure of from \$20 to \$50 an acre on dams and canals. This is his concisive point.
"The engineers of Texas have spent their time, effort, and money in the endeavor to obtain legislation that will enable folks to store and utilize water and head off its devastating effects in flood time, because they want to see Texas prosper in the general prosperity they will get their share."
Almost without debate the lower house put over this bill and sent it to the senate. Constructive legislation appears to be uppermost in legislative circles, and this, too, for the first time in many years.

SURVEY BILL DEFENDED

SHOOTING ON HIGHWAYS
Senator T. H. Ridgeway of Bexar county, early in the session, introduced a bill prohibiting the discharge of firearms "across a public highway." It was sent to engrossment by a vote of 19 to 8. There were more than 1,000 homicides in Texas in 1922. Were the victims shot "across the highways?" Were the slayers convicted? Men have been given from three to five years for having in their possession illegal booze. Is a booze drinker or maker a greater criminal than a professional gunman who slays his kind? Asking for information; that's all.

STATE CONTROL OF UTILITIES

Texas has what is known as the League of Municipalities. This league has prepared a bill for regulating interurbans and controlling state utilities. In substance, it places control and regulation of all long distance telephone companies, interurban electric railways, jitneys and trucks, telegraph companies, water works companies, and light and power companies doing an interurban business under the railroad commission.
According to the measure, the commission is given exclusive jurisdiction over these public utilities which are not regulated by law, but it has no jurisdiction over local utilities. (City Attorney James J. Collins of Dallas is responsible for many important features of the bill. Should this measure be enacted by the 35th legislature, then the railroad commission will have something to do.)
It has the backing of Senator Stewart of Fort Worth, Senator Davis of Dallas, Senator Murphy of Houston, and Senator Ridgeway of San Antonio is said to be open to conviction. Interurbans and long distance telephone companies are not regulated by state or municipality and some of the law makers appear to be willing to place these utilities under state control.

TEXAS TECH BILL

All the people of Texas are interested in the Texas Technological college to be established in the western part of the state. There are only two amendments offered to the substitute bill. One by Senator H. L. Darwin, providing that the college shall be built within easy reach of the city selected as the location, and the other by Senator Edgar E. Witt providing that all the \$150,000 appropriation for buying a site not used for that purpose be placed in a permanent improvement fund for the college.
It calls for a total appropriation of \$1,002,500 divided as follows: \$150,000 for purchasing college site, \$500,000 for buildings for the fiscal year 1923-24, and \$350,000 for building for the fiscal year 1924-25. The only appropriation called for immediately is \$2,500 to pay expenses of commission to locate site for the college. This bill calls for the creation of a West Texas State college to include agriculture and mechanical courses and also technological courses. Senator Bledsoe in his appeal to his fellow senator said:
"West Texas pays her part of the taxes of the state and she deserves recognition. I believe this college can be established without additional burden in taxations of the state. The present condition of the treasury has been brought about by failure of some parts of the state to pay their portion of the taxes."
And then 24 senators voted for the Texas Tech bill, 5 voted against it, 1 was marked present but not voting, and 1 senator was absent. Some were in the West. There is going to be created in coming years one of the greatest state colleges under southern or western skies.
Dallas is on deck. Senator John Davis has introduced a bill providing for two additional district courts for that county. There appears to be an ever increasing volume of litigation and an ever increasing demand for judicial jobs.

ONE-MAN BLOC

Representative J. Roy Hardin of Kaufman county has organized an anti-tax legislative bloc. Representative Hardin says that industrial enterprise in Texas will be severely crippled, and the economic progress of the whole state will be retarded if the tax measures pending before the legislature are permitted to become laws. Representative Hardin is certain to be a member on the roster of the new bloc. When the roll is called, the gentleman from Kaufman will answer present.

COTTON IN EGYPT

Southern Illinois farmers are to plant cotton this year. They are going to desert wheat for the fleecy staple. They say that is the reason why farming lands in the vicinity of Cairo will not yield a profitable crop of the staple of democracy. There is no boll weevil there, but the Mexican invader is getting over the country and making its presence

The One-Man Woman THE VISITORS

By Ruth Agnes Ebeling

BEGIN HERE TODAY
KATE WARD, widow of DAN WARD, has a visitor. CHINATOWN ALICE, who says Dan was father of her child.
DOROTHY, Kate's much per turbed. A few evenings later she and her father.
JUSTIN PARSONS, find near their home the unconscious victim of an auto crash.
JAMES LAVHAM, and carry him in to their home. He recovers and vows Kate. It develops that he knew Dan and helps Kate to find a trunk he thinks may contain papers throwing a light on the father's past, but this are disappointed. Determined to see if Alice recognizes the trunk, Kate writes to her at the laundry of SING LOY, where she works, asking her to visit the Parsons home with Dorothy. Alice accepts.

GO ON WITH THE STORY
While Kate waited on the platform of the frame station until the train bearing Alice and Dorothy should arrive, she felt a thrill of anticipation. Her desire to test the girl, to trap her into betraying something, had been replaced by a feeling of real friendship. Kate almost wished she had put the trunk out of sight so that if, by any chance, it ever had been anything in Alice's life, it would not recall it. Kate knew the girl's life had not been an easy one. She watched as the train pulled in and the passengers left the coaches. She was startled when finally Alice and Dorothy appeared.
"I think I've never seen anything more summy and lovely than you two girls," she said as they kissed Dorothy and took Alice's hand. It seemed natural that she should kiss Dorothy. In spite of the little she had seen of her, the child had come to mean something to Kate.
Dorothy was in white with a butterfly bow at the back of her frock. Another huge bow poised at the side of her bobbed head. Alice had on dark blue dainty, dotted in white. She had never looked so much a girl, yet so much a mother before. Kate thought.
"You didn't find it hard to get away from your work today?" Kate asked.
Alice looked squarely at Kate. It seemed her eyes had lost some of their hardness. She laughed—it was an almost girlish laugh.
"Fine day," she said, "is the kindest man I've ever known. I have to watch myself all of the time to keep

CAPITOL JOKES

By HAROLD KINTSON

U. S. Representative from Minnesota, Sixth District.
It used to have some bad roads in Minnesota, but perhaps the worst gave rise to this story.
A man was driving along through the mud, making heavy going of it, when he noticed a hat in the road before him. He got out and, snaking to him, knees in the ooze, picked up the hat. Under it was a man's head, and in spite of his predicament the man seemed very much alive.
"Well," said the other chap, "you seem to be in a pretty bad fix."
"I'll say," agreed the submerged individual, "but I'm sure better off than the horse under me."

Tomorrow: Representative Washington J. McCormick of Montana.

RESOLUTIONS

By BEHTON BRADLEY

My salary commences
To vanish, one it's earned.
I cannot meet expenses.
Though why I've never learned
In spite of how we plan, we
Remain in debt and doubt,
We can't explain, nor can we
Make it out.
We really ought to flourish!
My income's pretty good,
And yet we're sorely moush.
Our bodies as we should,
Our problem—who shall judge it?
There's just one way, we sigh,
We've got to keep a budget—
Bye and bye!"

Where does the money go to?
It's quite too tough for words.
To think of all we throw to
The little dicky birds.
A bank account we're craving,
Alas the dollars fly.
And we, instead of saving,
Buy and buy
Some day, when we get to it,
We'll keep a budget, planned
For show, when we view it.
Exactly how we stand;
But now—we merely live it,
And watch our debts run high,
We sure must keep a budget
Bye and bye!!

SPENDS \$5: GAMBLER GETS \$22,495 RETURN

EL PASO, Tex., Feb. 2.—Money didn't turn the head of Paul Roden, sandwich stand proprietor here. Roden, better known as "French the Cook," took a five dollar chance on Mexican lottery—and held the winning ticket. It was half the first prize.
After donations, governmental and otherwise, had been made, he found himself with \$22,495 good, gold, United States money.
Now his wife will have a new home down in El Paso Valley but "French" is going to keep right on at the sandwich counter.
Of course he may take another flyer at the lottery, but to see if he can repeat the performance.

Funeral of Henry Clews, "Dean of Wall Street" To Be Held Saturday

NEW YORK, Feb. 2.—The funeral of Henry Clews, 83, banker and noted financial expert who died at his home here late Wednesday, will be held Saturday morning at the Grace Protestant Episcopal church.
Clews, author of "Fifty Years in Wall Street," and bond agent for President Lincoln's administration, died from chronic bronchitis following a long illness.
He entered Wall Street in 1857 and seldom missed a day in the financial district until the beginning of his fatal illness.

Gets 6 Years and Thanks the Judge

HOUSTON, Texas, Feb. 2.—"Thank you judge," was the remark of Charlie Wintley, negro, as he was sentenced to six years in the penitentiary on three counts of theft.
"You're welcome," replied the judge.
The negro was alleged to have taken 254 watches, 12 clocks and 2 sets of dishes from John McCallum and Company where he had been employed.

Anticipates Increase In Gas Manufacture

DALLAS, Texas, Feb. 2.—A ten per cent increase in the use of manufactured gas in America in 1922 over the year of 1921 is estimated by Oscar H. Fogg, secretary-manager of the American Gas association.
Fogg stated that evidence of the rapid supplanting of coal by gas is clearly shown in facts that twenty-two per cent of all gas consumed in America is used by shops and industrial establishments and that during last year for which official figures are available, the industry gained 34,000 new customers.
Some men are too cautious even to make a success of a failure.

THE woman who keeps herself smartly attired on a limited income is the real genius of the age, according to the fashion designers; who declare that anyone can go into a shop with \$150 and come out with an exclusive looking suit or frock, but that the real genius is the woman who manages to look attractive on \$30 to \$40.

In a recent article Hedda Hovt, fashion writer, declares that: "It isn't always the expensively gowned woman who commands attention. Often the girl in a home-made copy of an expensive gown, worn with an inexpensively concocted hat, attracts more attention than her high-garbed competitors."

The girl who chases from store to store in search of bargains; who touches up her medium priced gown with hand embroidery or brocade; who buys flowers on the side-streets to transfuse a five dollar hat into one which would sell in the shops for twenty; who manages to keep in correct taste for all occasions on a small income, is to my mind the most interesting person in the fashion world today.

Whenever a new style comes into vogue she hops out to it immediately. If skirts are to be longer, down go the hems. We seldom see her type in the divorce courts, complaining of wandering husbands, for the man who's wife keeps herself lovely and attractive without running him in debt, is held with bonds stronger than laws.

This spring offers great possibilities to the woman of talent in the way of color. Hats, suits and gowns are all showing splashes of color ranging from the pastel shades to vivid greens and reds. Suits are brightened up with Paisley and brocade lapels. Hats are favoring the wide brimmed, rather than costly feathers. Any woman can bedeck herself in colors that are becoming to her at little cost.

Printed materials are sponsored by many of the French gownmakers for the exclusive spring costume. Fortunately for the woman of small means, the cloth manufacturers have simply loaded the shops with materials of this sort and the home dressmaker has a selection of colored prints equal to Paquin's.

DISCUSSION: A SOCIAL evening for the membership in general featured the meeting of the Ladies Aid of the First Methodist church yesterday afternoon at the home of Mrs. Wilbur Abbey, 2009 Tenth street.

The devotional service for the afternoon was conducted by Mrs. Frank Montgomery, and at the business session a visiting committee, comprised of Mrs. John Kuhn, Mrs. Gray, Mrs. J. D. Borden, and Mrs. J. Whelpley, was appointed. At the close of the business session the hostesses offered a delicious salad course.

Assisting Mrs. Abbey in hostess duties were Mrs. L. W. Abbey, Mrs. W. E. Blackstock and Mrs. L. Barachel.

Those present at yesterday's session were Mrs. W. H. Corbett, Mrs. P. S. DeWitt, Mrs. A. F. Graham, Mrs. E. K. Goodwin, Mrs. John Kuhn, Mrs. J. L. Latham, Mrs. L. L. A DELIGHTFUL SURPRISE has been planned for the Christian Endeavorers on Sunday at the evening service at 6:30 o'clock.

Mrs. I. E. Martin is sponsoring the surprise and only a chosen few have been let into the secret, which has been zealously guarded.

B. C. Nowlin will have charge of the program for the evening, at the close of which the surprise will be tendered. All members of the Christian Endeavor Society and their friends are invited to participate in the surprise Sunday evening.

AN ENTERTAINING AND ENJOYABLE session of the Missionary Society of the First M. E. Church, South, was enjoyed by the members yesterday afternoon at the monthly meeting of the Missionary Society at the church.

Mrs. H. P. Banker presided during the business session, which was opened with devotionals by Mrs. H. Stiles. Exceptionally good reports were made by the various group chairmen on the work of their groups, following which Mrs. J. E. Singletary entertained with a beautiful solo.

An instructive playlet, showing the benefits derived from missionary work was given, with Mrs. J. H. Winton, Mrs. Fred Galloway, Mrs. A. M. McAlfee, Mrs. R. E. Mossman, Mrs. Robert C. Saffley, and Mrs. H. H. Brown.

BROUGHT IN STILL TO REPAIR IT; ARRESTED

BEACMON, Texas, Feb. 2.—It is dangerous to bring a still into town to have it overhauled and patched by tinsmiths. Witness the experience of M. M. Morgan, of Voth, former Beaumont policeman, here Thursday.

Morgan was arrested in front of a tinsmith's place here by Deputy Sheriff Arthur Pollock, who declares he followed Morgan all the way from Voth. The still, the Ford car, a six shooter and a quart of liquor were seized by Pollock when he arrested Morgan, seized the automobile and charges of having whiskey still, liquor and carrying a pistol were preferred.

Flower Brims Small flowers are used effectively on the new spring hats. Small brims, composed entirely of flowers, are used with crowns of coarse straw. Usually they are in one color, but shade from light to dark tones.

Tan and Coral A gown of tan georgette is given an original touch by bands of soft-colored embroidery and trimmings of coral chenille. A coral hat completes the costume.

Silk and Lace A hat of black shirred silk, with a tall crown and a narrow brim is trimmed with a huge rosette of lace on the right side.

FT. WORTH BANK HEAD IS JAILED

H. E. Byrne of Defunct Security Faces 14 Charges

PORT WORTH, Texas, Feb. 2.—H. E. Byrne, former president of the Security State Bank here, which closed its doors November 9, was placed in jail here last night on fourteen felony charges filed by District Attorney Hanger.

Ten of the charges were that he accepted deposits in the Security State Bank when he knew the institution to be failing. These deposits ranged from \$10 to \$647. The other four were that he distracted from the bank sums ranging from \$50,000 to \$100,000 and totaling \$24,688.26 without the knowledge or consent of the board of directors.

Byrne was arrested at Dallas. He was to be given a preliminary hearing today.

Byrne, one of the best known bankers in the state, came to Port Worth three years ago.

Gates Fortune Rescues Defunct Iron Mines

The fortune of the late DeLora Gates, inherited by DeLora F. Angell and Edward F. Diller, will come to the rescue of the DeLora-Mountain Mining company, said in a legal petition to be facing bankruptcy. The mine is located in Ontario, Canada.

The 5th District court yesterday approved the advancement of payments for the mine upon application made by John Mitchell and other executors and trustees. In behalf of the brother and niece of Mrs. Gates.

New Material A new material that is showing signs of unusual popularity has velvet-like stripes on a sheer ground. It comes in white and all colors and color combinations.

Unusual Trimming A unique trimming seen on blouses and frocks as well as suits is oval buttons, covered with the material of the garment, set in pairs so they resemble leaves.

For a Debutante An unusually lovely dinner frock is of cream chiffon, trimmed with lace insertions edged with pearls. A wide crush grille of blue satin has ends which reach below the hemline.

ORANGE C. OF C. BUYS RADIO TO TELL WORLD

ORANGE, Texas, Feb. 2.—Purchasing a radio and receiving set, the Chamber of Commerce of Orange will "tell the world" the virtue of this inland port. Acceptance of a bid from a local electrical firm for the radio outfit by the board of directors of the organization Thursday night assured the immediate installation of the wireless equipment, it is said.

RAIDER BOOSED OUT CINCINNATI, Ohio, Feb. 2.—"Drs" agents from a suburban liquor court who attempted a raid at the home of John Lass, Evanston, O., received an unlooked for reception, Lass, police say, refused to allow the agents to conduct a search and literally boosed them out of the house. Police refused to arrest Lass.

Mrs. S. E. WHITE was gracious hostess to Circle Three of the Woman's Auxiliary of the First Baptist church yesterday afternoon at her home, 1229 Procter street.

During the afternoon hours, the mission study book, "Stewardship and Missions" was completed. Enthusiasm was manifested by next Thursday.

The women voted to meet next week at Mrs. White's home and sew for Buckner's Orphanage.

Those present at yesterday's session were Mrs. John M. Fouts, Mrs. L. Livingston, Mrs. W. Rogers, Mrs. L. Mcintosh, and Mrs. S. E. White.

MR. AND MRS. E. J. LANDRY of 1215 East Sixteenth street, announce the arrival of a new found son in their home Wednesday. The little man has been given the name of Luke David Landry.

THE WOODMEN CIRCLE, Lake Side Grove will meet in a called business session tomorrow afternoon at 2 o'clock at the Fuller Hall over Western's.

A DELIGHTFUL SURPRISE has been planned for the Christian Endeavorers, on Sunday at the evening service at 6:30 o'clock.

Mrs. L. E. Martin is sponsoring the surprise and only a chosen few have been let into the secret, which has been zealously guarded.

B. C. Nowlin will have charge of the program for the evening, at the close of which the surprise will be featured. All members of the Christian Endeavor Society and their friends are invited to participate in the surprise Sunday evening.

AN ENTERTAINING AND ENJOYABLE session of the Missionary Society of the First M. E. Church, South was enjoyed by the members yesterday afternoon at the monthly meeting of the Missionary Society at the church.

Mrs. H. P. Barker presided during the business session, which was opened with devotionals by Mrs. H. Stiles. Exceptionally good reports were made by the various group chairmen on the works of their groups, following which Mrs. J. E. Singletary entertained with a beautiful solo.

An instructive play, showing the benefits derived from missionary work was given, with Mrs. J. H. Winton, Mrs. Fred Galloway, Mrs. A. M. McMe, Mrs. R. B. Mossman, Mrs. Robert C. Siffes, and Mrs. H. H. Brown.

MRS. C. A. BOLTON'S MANY friends will regret to learn that she is still confined to her home, 2222 Thomas boulevard, by illness. Mrs. Bolton has been ill the past ten days.

BROUGHT IN STILL TO REPAIR IT; ARRESTED BEAUMONT, Texas, Feb. 2.—It is dangerous to bring a still into town to have it overhauled and patched by tinkers. Witness the experience of M. M. Morgan, of Voth, former Beaumont policeman, here Thursday.

Morgan was arrested in front of a tinsmith's place here as Deputy Sheriff Artie Pollock, who declares he followed Morgan all the way from Voth. The still, the Ford car, a six shooter and a quart of liquor were seized by Pollock when he arrested Morgan. The automobile and charges of having whiskey still liquor and carrying a pistol were preferred.

FILE FOR CITIZENSHIP The following citizens of Port Arthur have declared their intentions to become citizens of the United States: Joseph George Avon, age 25, merchant, 301 Eleventh street, born Big Spring, Texas. Emigrated in 1908.

Flower Brims Small flowers are used effectively on the new spring hats. Small brims, composed entirely of flowers, are used with crowns of coarse straw. Usually they are in one color, but shade from light to dark tones.

Tan and Coral A town of tan goatees is given an original touch by bands of self-colored embroidery and trimmings of coral chenille. A coral hat completes the costume.

Silk and Lace A hat of black shirred silk with a full crown and a narrow brim is trimmed with a huge rosette of lace on the right side.

FT. WORTH BANK HEAD IS JAILED

H. E. Byrne of Defunct Security Faces 14 Charges

PORT WORTH, Texas, Feb. 2.—H. E. Byrne, former president of the Security State Bank here, which closed its doors November 9, was placed in jail here last night on fourteen felony charges filed by District Attorney Hanger.

Ten of the charges were that he accepted deposits in the Security State Bank when he knew the institution to be failing. These deposits ranged from \$10 to \$647. The other four were that he distracted from the bank sums ranging from \$50,000 to \$100,000 and totaling \$244,688.26 without the knowledge or consent of the board of directors.

Byrne was arrested at Dallas. He was to be given a preliminary hearing today.

Byrne, one of the best known bankers in the state, came to Fort Worth three years ago.

New Hampshire legislator would make eight hours sleep compulsory. Don't let it keep you awake.

Gates Fortune Rescues Defunct Iron Mines

The fortune of the late DeLora Gates, inherited by DeLora F. Angell and Edward F. Baker, will come to the rescue of the Moore, Mountain Mining company, said in a legal petition to be facing bankruptcy. The mine is located in Ontario, Canada.

The 58th District court yesterday approved the advancement of payments for the mine upon application made by John Mitchell and other executors and trustees, in behalf of the brother and niece of Mrs. Gates.

New Material A new material that is showing signs of unusual popularity has velvet-like stripes on a sheer ground. It comes in white and all colors and color combinations.

Unusual Trimming A unique trimming seen on blouses and frocks as well as suits is oval buttons, covered with the material of the garment, set in pairs so they resemble leaves.

For a Debutante An unusually lovely dinner frock is of cream chiffon, trimmed with lace insertions edged with pearls. A wide em-broid of blue satin has ends which reach below the hemline.

ORANGE C. OF C. BUYS RADIO TO TELL WORLD

ORANGE, Texas, Feb. 2.—Purchasing a radio sending and receiving set, the Chamber of Commerce of Orange will "tell the world" the virtue of this inland port. Acceptance of a bid from a local electrical firm for the radio outfit by the board of directors of the organization Thursday night assured the immediate installation of the wireless equipment, it is said.

RAIDER BOOTED OUT CINCINNATI, Ohio, Feb. 2.—"Dre" agents from a suburban liquor court who attempted a raid at the home of John Lass, Evanston, O., received an unlooked for reception. Lass, police say, refused to allow the agents to conduct a search and literally boosted them out of the house. Police refused to arrest Lass.

For the Blue Serge Collars of white or tan satin, embroidered in cross-stitch or in plain embroidery are a colorful touch on the blue serge frock.

Separate White Skirts The well-regulated wardrobe will contain at least one white flared skirt this coming summer, for wear with sweaters and separate blouses. It is more apt to be plain than pleated.

Spring Coats
14.95 to 47.50
For sport or dress occasion, novelty tweeds, gerone and velour coats come in plaids and solid colors, trimmed with fancy stitchery and braids.

After digging for months into the style trends as shown by leading New York houses and gathering information from all sources, a final selection of Spring merchandise has been made that will please the most discriminating Port Arthur purchaser. Spring arrivals—the result of this trip can be seen tomorrow at The Hodges Co.

There is no set time for a Hodges buyer's trip, but ample time is taken to investigate thoroughly and look at scores of lines—then a schedule is made after this comparison and a return trip to the favored houses completes the buying.

The Hodges Co. looks forward to a most successful season and for this reason purchased larger stocks and greater variety than ever before, this was necessary to care for our ever increasing volume of business.

Combinations of flat crepes with Paisley or Persian designs are favored.

All kinds of pongee effects under various names will be good, and arrivals here make choosing a pleasure.

The Ratine idea even is noticeable in the gingham and voiles.

Cotton goods of all kinds have arrived, including tissues of various names, Swiss dots, organ-dies, jacquard zephyrs, Swiss Lucernes, Knicker-pongie, basque espongee and crepe Francais.

Silks, in addition to taffetas and flat crepes which are exceedingly good, we find here the new Celynes, Crepe Sahara, Bysantyne, Kordette, Jacquard Manchu, Crepe Fantone, Bokah Angelo, Mascotte and Madrid, many of which comes in novelty weaves and Oriental designs and colors.

Speaking of colors—look over this list of new ones and guess in which materials or garments that show up to their best advantage. As well as navy, black and brown we find a long list of new shades such as—Ashes of Roses, Sande-wood, Rosewood, Bluebell, Platinum, Taffy, Almond Green, Cocoa, Colorado, Toast and Fallow.

Woolens, as used for sportswear and other attire find new expressions in these new weaves and fabrics—Angora Tweed, Yalla Epongee, Scotch Nubs, Epongee Souris, Boucle, Larch-moor Crepe and Crepe Golfana. You'll enjoy seeing them here first.

FROCKS
In Striking Models
Priced as Low as
19.50
New in their entirety are these frocks of taffetas, crepe de Chine and flat crepes. Dashes of color are seen in their trimmings, oftentimes of georgette.

CAPE
Flowing Spring Capes
Are Priced as Low as
16.95
Materials shown are velour, poret and tweed in shades of brown and tan and navy. They are fringe trimmed and are lined in silk. The plaid capes are clever and new.

SUITS
Spring Modes Offered
For as Little as
29.50
Two and three piece suits are shown with a new grace of line. Balkan types are decidedly new, fabrics are tricotine, poret, twill and twill cord in green, tan and blue.

BERTHAS

KILLED IN MEXICO STRIKE

Bar Row at Mexico City
Deaths Out Troops

MEXICO CITY, Mex., Feb. 2.—Soldiers guarding the street railway here today were reinforced, following reports that a strike had broken out. At least 20 men were killed in the fighting, which started at 10 o'clock, when they shot into a trolley car in front of labor union headquarters. The Yaquarad, reinforced by federal troops, answered the fire, killing several and then charged into the labor hall where hand to hand fighting resulted: both the soldiers and strikers fired point-blank.

Girl Artists' Play Wabash Lullaby; Admitted to U. S.

NEW YORK, Feb. 2.—When the immigration officials at Ellis Island made ready to examine several hundred immigrants who came in on the steamship Rotterdam, they were surprised to hear the tinkling of guitars and mandolins from one end of the line. First there was a bit of ragtime, then some jazz, then some grand opera, and finally the players broke into "On the Banks of the Wabash." The playing kept up for hours until the officials were to investigate. They found three young Polish girls, sitting on a bench in one end of the detention room, their hair disheveled, strumming vigorously upon two guitars and a mandolin. The girls said they were Sonia, Rachel and Anna Maraz, and described themselves as "artists."

Timber Wolves Destroy Stock Near Cameron

CAMERON, Texas, Feb. 2.—Timber wolves in increasing numbers are taking the meat trail and destroying live stock is the report by farmers living near the timber line of the forest lands in this section. Gray timber wolves gave farmers much trouble in this vicinity last year and several hunting expeditions were arranged but all met with poor results. A few wolves were killed but the animals were more than a match for the number of dogs employed.

PRISONERS USE NOVEL PLAN TO COVER WORK

GATESVILLE, Texas, Feb. 2.—"Sweet-Ade-o-line." The old bar-room melody echoed and resounded throughout the jail here recently. A sextet and a trio making up the prisoners' chorus were reported to the sheriff as "having a fine time all morning."

Sheriff Hiddingworth, thinking there must be some cause for the more or less undue hilarity and musical tendencies, investigated.

He found the prisoners had sawed one of the window bars in two, singing as they worked to down out the sound of the saw.

KILLER LAUGHS AS HE FACES THE GIBBET

Convicted Slayer Approaches Death in Belief He'll Be Born Again to Atone For His Crime

By ROY GIBBONS
NEA Staff Correspondent

CHICAGO, Feb. 2.—Condemned to death for murder, James Smith sits in his cell here with an inscrutable smile playing about the corners of his mouth.

When you mention his execution, which will take place in a few weeks, Smith laughs—not the hard, bitter laugh of despair, nor yet the mirthless laugh of a man half-crazed by the continual thought of approaching death.

Instead Smith's laugh is a laugh of joy.

Because the condemned man believes that after death he is coming back to earth again to expiate his crime, to live a good and useful life. Smith has been converted to the Brahmin and Buddhist doctrine of reincarnation, the teaching that the soul lives on forever, using many deaths simply means a channel to the soul's abode.

Sees Death as Release
So, thinks Smith, when he drops through the gallow's trap-door, his soul will leave the lump of lifeless clay that is his body and will enter the body of a pure, new-born infant.

He looks upon his execution as a

CHICAGO U. STAR DEAD WITH GUN

Barrel of Weapon in Mouth
When Body Found

CHICAGO, Feb. 2.—John Mincham, University of Chicago student and formerly of the Princeton freshman team, was found dead in his room at the Alpha Tau Omega fraternity house. The barrel of the gun was in his mouth. He was the son of a prominent physician of Green Bay, Wis.

Fraternity brothers declared that Mincham shot himself accidentally while cleaning the gun for a proposed hunting trip with his father.

Police said Mincham had been in ill health for some time and that his father was expected in Chicago today to take him to New Mexico.

An inquest will be held today.

DALLAS SETTING RECORD WITH NEW DIRECTORY

DALLAS, Texas, Feb. 2.—The new Dallas telephone directory showing an increase of 4,238 stations over last year's directory, will be the largest telephone directory ever published in the South. It will total 44,323.

The gain of 4,238 telephones is equal to the total number of telephones in several American cities with populations of from 40,000 to 50,000, and it is more than many foreign cities with the same population as Dallas.

Quick Quaker Oats

The Quickest-Cooking Oats in the World

Quaker Oats now come in two styles—regular and Quick. Both have that super-flavor—the flavor that won the world. Both are flaked from queen grains only—just the rich, plump, flaky oats.

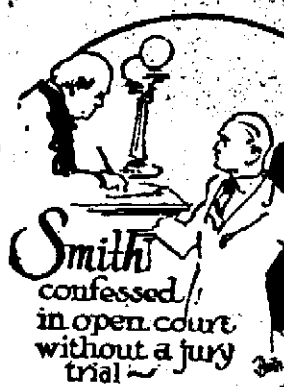

But in Quick Quaker the oats are cut before flaking. They are rolled very thin and partly cooked. So the flakes are smaller and thinner—that is all. And these small thin flakes cook quickly.

Quick Quaker cooks in 3 to 5 minutes. It is the quickest-cooking oats in the world.

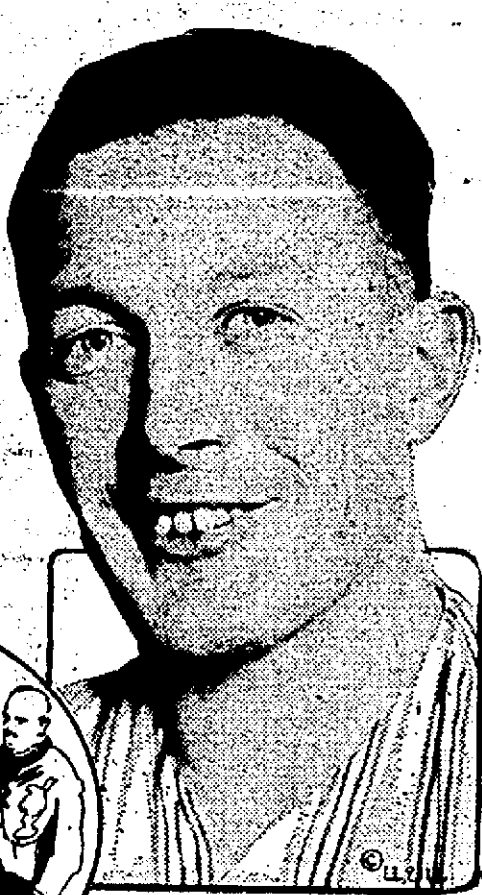

In these two ways Quaker Oats excel. Say which you want, regular or Quick. But, if you love flavor, insist on the Quaker brand.

And then I will come back to earth as something good, to wipe the slate clean.

Smith confessed in open court without a jury trial.

CON' MEN PLAY WINTER COLONY

Wiretappers Roundup On at Miami, Florida

MIAMI, Fla., Feb. 2.—Wiretappers and "con" men who victimized dozens of wealthy visitors here two years ago, have returned to the exclusive winter colony. Chief of Police Quigg declared today.

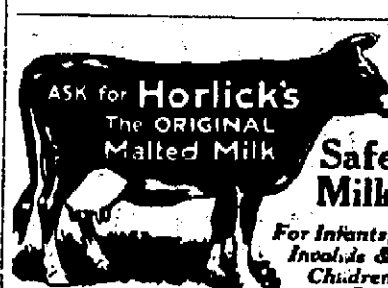

Several wealthy members of the colony already have lost in illegal schemes and numbers of others have narrowly escaped, Quigg said. One Philadelphia was saved \$165,000 by intervention of police.

Authorities announced they were gathering evidence for another wholesale roundup.

The band of wiretappers is believed to have established itself in the social life of the colony here and to have another headquarters in Havana, Cuba. The members here are being used to interest wealthy persons who are then taken to Havana and induced to invest in fake stock schemes.

NEW LAND SOIL SURVEY IS GOVERNMENT PLAN

SAN ANTONIO, Texas, Feb. 2.—Individual land owners of the valley may have a land soil survey, if plans of R. H. Hendrickson, government soil expert, materialize.

He plans on starting the work during his vacation this year as he is now engaged in a survey of Cameron county soil. If the volume of business warrants he will open an office in the valley.

The work will include alkali salt tests, chemical analysis of the soil when desired, farm layout maps with drainage problems.

Farmers would profit a great deal by having a complete soil survey together with maps and full data concerning the soil of his farm, Hendrickson said.

C. of C. Letters Sent To Member Prospects Tell of Its Work Here

The Chamber of Commerce and Shipping is sending out 5000 letters to property holders in the city in an effort to encourage an increased membership in the chamber, it was announced this morning.

These letters were originally mailed to the same property holders, but through error were addressed wrong and undelivered. They contain statistics concerning the city's progress, and a comparative statement, it is understood, of what the Chamber of Commerce has done in the past toward the development of Port Arthur.

Attention is called in the letters to the fact that for any organization to succeed in the projects fostered, that the co-operation of every citizen should be invoked, and it is this co-operation the Chamber of Commerce and Shipping is seeking.

Simple, isn't it? Abe Lincoln was right, "You can fool some of the people some of the time, but you cannot fool all the people all the time."

Our prices may not always be the lowest on every item, but they are very useful in making this Self-Serve bird break the record.

We pay clerks and delivery men salaries to serve you, and still our prices are lower than the Self-Serve, Cash and Carry stores. Think this over. Where does the money go that you pay these stores for service that you DON'T GET?

Game Starts At 7:30; Smith's Proteges Put Through Final Workout Last Night; Fast Clash Promised Local Fans In Franklin.

BASKETBALL—the king of indoor sports—holds sway in Port Arthur this week-end as it possibly has never held before.

Starting off tonight in Franklin gym at 7:30 o'clock with a game between the Port Arthur high school boys and the Sour Lake H. I. club, the courts at the school building will not get a rest until after next Tuesday night, when the Good Gulf five and the fast Mexico City team clash here.

VISITORS FORMIDABLE

The Sour Lake club constitutes a formidable opponent for the best schools in this section.

Sour Lake has defeated Beaumont H. I., Silsbee H. I. and Nederland, all three of which are considered speedy contingents in the district.

READY FOR PLAY

The high school boys got their final training last night.

They gathered in Franklin gym at an early hour and worked out under the instructions of the coach, who put them through some "snappy" work. They showed up in good form last night, and the indications are that the same crew that went on the field in Beaumont opposing the Silsbee aggregation will not be the same that Sour Lake will face tonight.

LOCAL TEAM'S DEBUT

Port Arthur's clash here tonight is among the first the high school boys have staged at home, and this fact should draw a large crowd out to the sole lines for the contest.

Not many local people have seen the Smiths' men in action on the field; it is a good one, and a team that has a future.

IN GOOD TRIM

Coach Smith was of the opinion yesterday that his crew would be in better trim tonight than they had been for some time, and it is not likely for some time that they will be.

The crew which will probably start the battle tonight includes Sullivan and Iglesias at forward, Culp at center, Crow and Hyde at guard. This is a swift contingent to come out for the opening minutes of play, and there are other fast court players to take their places when they weaken—this was indicated at Franklin gym last night.

EXPECT BIG CROWD

An admission of 50 cents for school patrons and 25 cents for school children will prevail for the game tonight, and seating arrangements have been made to care for a large crowd. In view of the fact that the contest is among the first of the high school clubs the local school boys have met, it is thought a large gathering of fans will be present when the referee blows his whistle at 7:30.

CAN PLAY OTHERS

DENVER, Feb. 2.—Local prep school athletes and admirers are jubilant. This, because the principals of the Denver High schools announced that a revolution had been adopted giving winning teams in all branches of sports permission to compete for prizes in out-of-town fields. It was also decided to permit the local prep warriors to remain away from Denver over night.

It is a ruling means that the champion team from Denver will take part in the state prep school basketball tournament at Boulder in March, and the track and field meet to be held there a short time later.

HEARS CONLON'S CASE

NEW YORK, Feb. 2.—Rival claims of the Rochester International league and Boston National league for the services of Arthur J. "Jokey" Conlon, former Harvard captain and shortstop, were heard by Baseball Commissioner K. M. Landis.

EXPECTS NEW RECORD

NEW YORK, Feb. 2.—Babe Ruth thinks he will break his home run record next season, but he isn't sure how much he will exceed the 30-mark.

HAVE HARD SCHEDULE

LOS ANGELES, Cal., Feb. 2.—Gene Sarazen, national open professional golf champion, and Gene Huhns, British open champion in 1921, have outlined a hard program for this week. They will give a lesson to the members of the Victoria Golf Club at Long Beach Thursday. They will play, probably in a four-some at the Los Angeles Country Club at Palmdale, and have promised to play at the Chula Vista Club at San Diego Saturday.

LEAD ALL RIVAL WINNERS

CONNIE MACK

For a while last season it appeared that baseball precedent was due for a pair of upsets, but they failed to materialize when the two St. Louis clubs faltered in the stretch of the major league races, and were bowed out of the pennants.

For despite the fact that the Missouri hamlet has long been represented by two teams in the big leagues, it has never yet been blessed with a pennant-winning outfit. And with the exception of Washington, is the only city in either circuit that hasn't obtained such an honor.

Up until 1920, the American League flag had been generally monopolized by three clubs, Philadelphia, Boston and Chicago, with Detroit sitting in three times. Then Cleveland put over its initial triumph, with the New York Yankees grabbing off the flag the past two seasons.

In the matter of supporting championship outfits, the Athletics and Boston top the field, each having won the position on six occasions, Chicago ranking third, with five victories. Then come Detroit with

JOHN MCGRAW

three, Yankees, two, and Cleveland, one.

In the National League, since 1900, the Giants have a commanding advantage with eight first-place teams, Chicago being second with five, followed by Pittsburgh with four, Brooklyn three, and the Phillies, Cincinnati, and the Boston Braves with one each.

To the Boston Red Sox goes the honor of having won the world's championship on the most occasions. The New England entry in the Johnsonian loop has captured baseball's blue ribbon classic five times, and is the only team in either league that hasn't lost a titular series. On the other hand the Detroit Tigers, have been defeated in all of their three attempts to cop the title.

In plotting pennant-winning combinations, old "Dawg" McGraw of the Giants stands supreme with eight triumphs in 20 campaigns. Connie Mack of the Athletics ranks next in line, piloting six flag-winners in 22 seasons. Incidentally "Mac" and Mack are the oldest managers in point of service in the major leagues today.

TRIANGLE FIVE MEETS GULFIES HERE SATURDAY

Dope Sheet on Second Game is Wierd Outlook

After a week of hard training during which time his proteges have been put through the stiffest form of tactics, Coach "Felix" Forbes presides over the contest of the Good Gulf Basketeers last night, prepared for the invasion of the Houston Triangles tomorrow night.

The game is scheduled for 8 o'clock, and will start promptly at that time, according to announcements made by Manager J. M. Pickett today.

The Triangles are possibly the best team the local fans will meet this season. They won the first game at Houston—in which the two clubs faced each other, and they are bringing the same crew here tomorrow night that Forbes' men opposed on the Houston V court.

Several of the Triangles played basketball on the same teams with some of the Good Gulf players, and this fact alone is counted to make the contest equally as hot as it was in Houston.

Before the Gulfies met Rice, that contingent defeated the Triangles; the Gulf defeated the Owls, and in turn, the Triangles upset the dope, checked the advance of the Gulfies and defeated them.

This is the dope sheet on the game, but it indicates that no way the fan can figure can the true outcome of the contest Saturday night be foreseen. Forbes' men had played only a few games before they met the Triangles, but the Triangles had played only a few also.

Saturday night will either be a saw game for the Port Arthur boys, or it will be another win for the visiting contingent, and the fans are looking for a warm number in the Triangles.

FINGER CAUSES WORRY

NEW YORK, Feb. 2.—Speculation still is rife today as to the effect the operation on his finger will have on Tilden's game. Dean Hather's defeat of the tennis champion, 6-4, 6-4, 6-4, at the Brooklyn Heights Casino recently heightened the discussion.

It is true that Marlow was at his very best; but it is equally true that there was something missing in Tilden's work.

"TERROR" GOES HOME

DENVER, Feb. 2.—Don "Terror" Long, Johnny Corbett's promising boxing protégé, will take a run up to Longmont—the town in which he was born—and box a ten-round main event bout, Friday night, Feb. 9.

His opponent will be Joe Bishop, rugged featherweight, who came here from Chicago a few days ago in search of fight work. The Longmont Elks are staging the show.

BOSTON.—Legislation before the Massachusetts legislature to license professional baseball players and otherwise control the sport was disapproved as "impracticable" in a letter from John A. Hevlier, president of the National League, to J. A. Collier, sponsor of the bill. Ban Johnson, president of the American League, had previously endorsed it.

Four New World's Records Established In Gotham's Meet

NEW YORK, Feb. 2.—Four new world's records were established in Madison Square Garden during the annual games of the Milrose Athletic association in the presence of 10,000 spectators.

Joe Ivas, Illinois Athletic club, American champion middle distance runner, set a new mark of 6:11.45 for a mile and a half. He made the former record of 6:42.35 last year.

Jimmie Connelly, Georgetown University, the half mile champion, established a new record for two thirds of a mile by running the distance in 2:43.35. The old record of 2:46.25 was held by Mike Devenney.

James Murchison broke the record of 6:27.5 seconds for six yards made in 1882 by Lon Meyers by doing the distance in 6:15. Murchison and sixteen other sprinters had equalled the old mark.

Leroi T. Brown of Dartmouth University, and Dick Landrum, former Yale and Olympic game star, shared in a new record for the high jump when they both cleared the bar at six feet 5.14 inches. In the jump-off for the medal Brown won. The former record was set by Fred Fisher, made by John Murphy, of Notre Dame.

A NEW CLUB

Women at Texas U. Organize Gun Squad

AUSTIN, Texas, Feb. 2.—In addition to the sports for women already offered in the University of Texas, the College Rifle Club has recently been organized. This is the first of its kind in any college of the South.

Mrs. Grace McClellan of Austin, champion rifle woman of Texas, will coach the girls. By affiliating with the National Rifle Association of the war department, the Girls' Rifle Club will be furnished with guns and ammunition. The girls who intend to become members of the organization are as follows: Kathryn Cochran of Dallas, Fairfax Nieber of Dallas, Ruth Smith of Heford, Sara Shannon of Lufkin, Mattie Mike of Bryan, Thelma Worley of San Antonio, Winnie D. Jackson of Chillicothe, Judith Porter of Dallas, Clyde Watkins of Henderson, Jeanette King of Pearl, Ida Williams of Dallas, and Jane K. Worthington of Dallas.

HORSE RACE CZAR?

CLEVELAND, Feb. 2.—Horse racing of the running variety is to have a high commissioner, just as Judge Landis of baseball if present plans of leading horse-men go through. Judge Joseph A. Murphy, who presided at the Maple Heights race meeting here and who is now residing at New Orleans, has called a meeting for Feb. 16 at Chicago, when this plan will be discussed.

His idea is to have representatives from the New York Jockey Club, the racing commissions of Nevada, Nebraska, Kentucky and Maryland, the California Jockey Club, the Thoroughbred Horse Association, the United States Remount Bureau and the Canadian Racing Association.

SPRING BOILING ON

CHICAGO, Feb. 2.—Spring boiling for the Chicago Cubs starts February 7, when Pitcher Cheever will pull his feet from under the family board and lumber down to Excelsior Springs, Mo., to lose some winter weight. A few days later the team will be rounded up and consigned to Avalon, Catalina Island.

2 LOCAL CLUBS PLAYING GAMES OUT OF TOWN

Texaco Stars and Collegians Push Off Saturday

Two local teams travel away from Port Arthur tomorrow night for games on foreign fields.

The Texas Company's Texaco Stars invade the basketball arena of the Sour Lake alumni team, while the Port Arthur Collegians invade the field of the Orange Oaks on the same occasion.

Both games promise to be fast ones, and it is expected a large following of both local fans will follow their favorites to the foreign battle grounds.

The College five has been traveling a successful field, and has been victorious over the teams they have met since the first of the season, while the same can be said of the Texaco Stars.

The Texas Company has developed possibly the best club in the Texaco Stars in the history of the organization. Playing against odds during the earlier part of the season, and attracting but few men out for the team, some unusual court talent has been uncovered at the Texas plant here, and has responded to the call of their colleagues.

As a result, several new faces have been added to the playing role of the Stars, and these will be carried along tomorrow night to face the Sour Lake alumni.

The Alumni team at Sour Lake is considered one of the best the Texaco Stars will meet this season, outside of the Gulfies, and the game on the former's own court is expected to be fast. The Stars, as the Collegians have done, have been put through a rigorous line of the past week, and have had a long rest from a clash—this is expected to put them in high running for the tilt Saturday evening.

Soon after their return here from Sour Lake, the club will start training for the initial clash with the Good Gulf club, the first of a three-game series of which will be played here February 12.

No announcement as to what brings the Collegians and the Stars will carry with them to their respective playing grounds have been made, but it is understood that only first-string men will make the journey.

FAVORITE CLIMBS HIGH

Cedric Durr is well thought of by the Browns according to St. Louis news-gatherers, and the capital city product, who starred with the Browns in 1921, may be given an opportunity to perform in the outer garden of the Browns this season.

HE LIKES RENO

RENO, Nev., Feb. 2.—When Walter Johnson winds up for the last time, he's going to settle down in Reno.

CASEY GETS CHANCE

WACO, Texas, Feb. 2.—John McGraw has taken on the veteran catcher, Joe Casey, and will use him in the training camp to work out pitcher Luther (Dummy) Taylor also has asked McGraw for a job, and will give something to do around the Polo Grounds. One thing about McGraw always stands out—if a ball player is in need of a job he'll be taken care of somehow.

PRIZES FOR 'GOLFERS'

ST. PETERSBURG, Fla., Feb. 2.—A prize list totaling \$3000 has been hung up for the national horse shoe tournament to be held here the week of Feb. 12.

To the winner will be awarded a cash prize of \$500 and a gold medal. There will be 20 prizes in all.

In addition to the cash prizes, merchandise prizes totaling \$1000 will be given by the committee in charge.

Lost of the crack golfers of the country have already arrived on the scene. It is hoped as if the entry list will be the classiest in the history of the game.

Rickard is at Sea Over Suitable Opponent For Heavyweight Champ

NEW YORK, Feb. 2.—Announcement that the New Jersey boxing commission would not permit Jack Dempsey to meet Harry Wills or Jess Willard within its domain has put Tex Rickard in the vicinity of the deep blue sea.

The Jersey board didn't waste words in expressing just where it stood. "No application has been made to stage a Dempsey-Willard or a Dempsey-Wills bout in New Jersey and if an application is made, it will be denied," Louis J. Massano, chairman of the commission, said.

Willard can't fight in New York because he hasn't got a license and he can't get one because the commission says he is too old. Wills can't fight in New York for the title, because Albany does not think it would be a good thing for the sport or the state.

CHAMPIONS REWARDED

WACO, Texas, Feb. 2.—Sweepers were awarded the members of the championship Waco high team at the local school Tuesday morning. Coach P. L. Tyson making the speech of presentation. The sweepers were white and gold, the colors of the school, with gold service stripes on the sleeves of each, indicating the number of years the Waco high stars had won the coveted "W" in football. Twenty-five were awarded to the following:

Captain, Sisco, Brandon, Wolfe, Kelly, Longbridge, Dossell, Shale, Holton, Fall, Johnson, Washam, J. Taylor, P. Taylor, Ish, Taylor, Winchester, Martin, Groves, McCullough, Saxon, Coates, Harrell, Manager McKinnon, Assistant Coach Bernhardt and Coach Tyson.

On Tyson's sweater was a star with the figure 11, indicating the number of years this master high school football coach has been at the head of the Waco team.

TEXAS STUDES PREPARING BIG ANNUAL RUSH

'Swede' Swenson in Charge of Pushball Contest

AUSTIN, Texas, Feb. 2.—Plans are being made at the University of Texas for the annual class rush between the freshman and sophomore classes of that institution to be held March 2, according to Cecil R. Chamberlain of Stevenson of Stamford, who has charge of the event this year. The class rush takes the form of a pushball contest, in which the two opposing classes line up with the ball between them and attempt to push the ball over a goal line. The ball used is made of leather with a rubber bladder. It is about seven feet in diameter, and requires three hours to fill at a local service station.

The annual pushball contest, which has become a tradition of the university, was started about ten years ago. A student was shot while attempting to make a freshman, and at the next session of the legislature an anti-hazing bill was passed. The faculty of the university purchased a pushball for \$500, so that all the antagonisms of the two lower classes might be spent on the pushball on March 2. Before that time hazing had been almost continuous at the university, but since the inauguration of the pushball contests practically all hazing is now confined to the open season, which is Texas Independence Day, March 2.

MORE SLUGGERS LAND

NEW YORK, Feb. 2.—Loose talk about large sums of money by the managers of upstart heavyweight pugilists has inflamed the imagination of certain editors in the far parts of the country and is bringing them to New York on every train. Railroad cops report a terrific congestion of the brake-beams on all inbound freights.

About Madison Square Garden any gent weighing less than 190 without an overcoat is in danger of being tampered underfoot. Any gent weighing more than that without an overcoat is in danger of being tampered overfoot. Among the impending arrivals are Fred Fulton of St. Paul and Marty Burke of New Orleans. Fulton has wired inquiring about the thickness of padding now used on local rings. Burke has wired inquiring about the thickness of the average bankroll.

LEGION ENTERS SPORTS

BROWNWOOD, Texas, Feb. 2.—The Brownwood Legion, under the leadership of athletic features are concerned, are planning a series of contests, which they say will place Brownwood squarely on the sporting map of the country.

Kah Pasha, who a few days ago threw young Herman the best two falls out of three, is killed to wrestle Harry Demetral, and it is under stood the winner will wrestle Pat Brown.

The American Legion boys are trying to raise money to build a stadium.

'BABE' KEEPS FAITH

NEW YORK, Feb. 2.—Ed Barrow, business manager of the Yankees, and expert on physical condition, is satisfied that Babe Ruth was observed his pledge to ride the water wagon this winter and keep himself fit by wood-chopping. The Babe on his visit to New York, driven out by the loneliness of his farmstead at Sudbury, Mass., showed Barrow that he has made himself as tough as a platter of whalebone spaghetti and has reduced his weight by 20 pounds.
